**Federal Aviation
Administration**

MSSS Status – for Meeting # 4

- **Short Summary for Meeting (# 4)**
 - Completed new draft MSSS ([Appendix B](#)) v1.2
 - Includes all accepted and resolved comments from [SC209-WP03-04](#) (with exception of those comments that would be resolved by the initiation of working papers intended for ICAO, those comments are further captured in the meeting minutes report [RTCA paper no. 165-06/SC209-006, section # 6 \(comments 7, 9, and 12 through 18\)](#), which is also related to action item [3-1](#) of the meeting minutes.
 - Prepared MSSS v1.2 for delivery to [EUROCAE WG-49](#) (via Gary Furr) for review of this latest draft MSSS.
 - Begin working towards test procedures (upon resolution of any comments from EUROCAE WG-49, and maturity of GICB registers allocation to MSSS). Test procedures designed for:
 - GICB
 - MSPs
 - Frame Processing
